THE union of the Northern Presbyterian church and the Cumberland Presbyterians is assured by the practically unanimous vote of the Presbyterian General Assembly. The Cumberland church is the result of the action of the general assembly, nearly a century ago, in cutting off certain Presbyteries on the ground of their being unsound theologically. This unsoundness was in the general direction of what is now called liberalism, or a relaxation of Calvinism. The merger is facilitated by the revision of its creed made last year by the Northern church. There seems now to be no especial reason for the Northern and Southern church to remain apart. To facilitate the union the Northern church has voted in favor of the general principles of separate Presbyteries for different races or nationalities, which means white and black Presbyteries in the same territory. This concession to be part of a diversion plan to draw off the feelings of the South will facilitate the union of the Southern with the Northern church, as to which there has been much talk, but no specific measure is pending.

Dr. and Mrs. E. G. Dick, of Crab Orchard Springs, announce the engagement of their daughter, Jean Venning, to Mr. William M. Monks, of Louisville. The nuptials are set for the third week in June. Miss Dick is a charming young woman and is as pretty and accomplished as she is popular.

Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the

A Good Family Liniment.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Soldiby Lyne Bros., Crab Orchard Ky.

Hambletonian, Mambrino Chief and Seeley's American Star. Galton is a dark bay, 15 2\(4\), breeds large with fine style and action and a sire of speed. Only three of Galton's colts have been handled for speed having all worked miles out in 2:28 and better. This is evidence that he will get plenty of speed from the right class of marcs and a borse that can't get speed, can't get action or good road horses. I have recently sold four of his colts, three to five years-old, at an average of \$300. Sold another four-year-old for \$400; she got crippled before shipping, therefore lost the sale. Have one that I can sell at any time for \$500. Mr. Middleton and myself have one at Danville we have refused \$300 for He will be handled this season for speed. C. C. Carpenter has a young gelding by Galton and has refused \$500 for him. He holds him at \$1,000. This is just a few instances of recent sales. Galton has made all of his seasons at my stable, II in all, and served the last three seasons an average of 75 marcs the season. This is another of the best recommendations a stallion can have. He was a great show horse in his young days, having defeated some of the best in harness classes, and labored under a great disadvantage, owing to a very bad cripple in one shoulder at a two-year-old, with the cripple he can work a mile in 2:25, with but little handling. His colts have gone against and defeated the best, one of his colts having won a \$75 premium at the Hustonville Fair over the best. This is a few instances of what he has already done, not what he has already done, not what he is going to do, for I think his
